

FILL YOUR POOL

Madisonville Municipal Utilities

Swimming pools can be filled through home water meters without paying wastewater (sewer) charges. To qualify for this option, you must complete the proper form through the Madisonville Municipal Utilities office located at 77 N. Main Street or the attached copy on this packet.

The Water Distribution Department will also fill pools at a rate of \$ 30 per hour plus the cost of the water. Customers opting for this service must complete the Pool Fill Request form accompanied with a deposit of \$125. After the pool is filled, the customer will be billed any additional cost above the \$125 or a refund will be issued if less than the deposit amount. A 48-hour notice must be given.

The City will not fill pools with a rubber blow-up ring around the top due to the liability exposure. The City of Madisonville also has the right to refuse this service based on our liability exposure.
